Charles,
It has been a pleasure knowing you these past years. Best of luck always to a real nice boy.
A friend,

Charles,
You are a crazy guy and I have enjoyed being in your class these past years. Remember the Williamburg trip and that night by your steer pen with Susan Monte and me? I hope we have many more good times. Good luck

A high school is memories... What are these memories? Where do they come from? They are remembrances of our high school life, to be locked in the mind's treasure chest for pleasant recall in later years. They come from every thing we've ever seen, said, or done, during our stay in high school.

These, our high school memories, are many: the final mastering of our hardest subjects; the development of unsuspected talents within ourselves; our leaders, who direct our thinking and increase our knowledge; that one special boy or girl who makes the heart beat faster and the pulse rate rise; or the realization of a job completed when commencement day arrives and a voice inside says, "Well done." These things, easy to remember, yet so hard to forget, are the treasures of our minds. These are the things we look back on with pleasant recollection, for...

Inside Room 11 typewriters clacked away madly on finished copy, while layout editors revised plans for pages. Overseeing all, the editor and advisor, sometimes looking wild-eyed and harassed, rushed from one spot to another making sure that all was in readiness for the deadline. Amid such "ordered confusion" the 1963 WHEEL grew from theme idea to accomplished reality.

To You Who Have Left Memories . . .

Being head coach of the Ayden Tornadoes since 1946, Coach Tripp has guided our football, basketball, and baseball teams to numerous victories. For the two seasons previous to his resignation, Coach Tripp's football teams were conference and district champions. Last year his basketball players placed third in the state. Ayden High suffered a double loss in 1962 when Coach resigned. Mr. Tripp was also a teacher of history and government until last year. His patience, friendliness, and concern for a superior athletic program will never be forgotten. We, the Student Council, dedicate this annual to Coach Tripp with great pride.

Mr. Johnson was the principal of Ayden High School for nineteen years. These were years of progress and development that have blazed their imprint on the school's history. In addition to being principal, he administered drivers' education. Before becoming principal, Mr. Johnson was a coach and a teacher of physical education at Ayden High School. Progress in scholastic fields and in physical education were not his only contributions to the students. He was sincerely interested in each student as an individual and set a moral example for all. Spirit and pride that have clearly bettered our school were boosted by him. In 1962, when Mr. Johnson resigned, a great loss was evident to everyone. We proudly dedicate this annual to one who has provided such a strong hand in guiding us in the past.

Before a full house, Ayden High School highlighted the 1961-62 year with their annual high school play. Under the directors' capable leadership, "Shy Guy" was a solid hit. Those who participated in the play will always remember the fun and heartaches of this production. Every night for a month, practices were held: requiring lines to be learned, repetition of scenes, costumes to be made, scenery to get, and make-up to develop. Finally the big night came, bringing with it success. With this play many new friends were made. All those who took part in the play will always have wonderful memories of this never-to-be-forgotten occasion.

1961-62 Tornadoes - Third in State

Tommy Dunn, William Edwards, Duane Gwyn, Wayne Dail, Clem McLawhorn.

The 1961-62 Tornadoes' Basketball team brought home three trophies to complete our trophy case. With the expert guidance of "Coach Tripp," our team sped on to numerous victories. Having only one loss in the conference standings, the Tornadoes claimed the conference championship and took the District Championship also. The much awaited day came when we cheered the Tornadoes on their way to Durham. The "easy living" at the Holiday Inn did not spoil their determination to win for their alma-mater. They pulled through with "flying colors" their first game of the week. With practice and fortitude, they played a close game Friday night with Warrenton. After the typing point by a Warrenton player, the score was tied through three overtimes. With less than two minutes to go in the fourth overtime, Warrenton led Ayden by five points. With one second to go the lead was lowered to only three points but that was not enough to put the Tornadoes ahead. Although the loss of the game was disappointing, the team rousted to victory the following evening and won third place in the State Class A Tournaments.

The students, faculty, and citizens of Ayden were extremely proud of our Tornado team and the trophies and remembrance will always remain as a part of Ayden High School.

MR. TOMMY LEWIS
Head Coach

The Ayden High Tornadoes are very proud of our present coaching staff.

Tommy Lewis, our head coach, is with us for the first season, and has done an outstanding job in football by leading the Tornadoes to the position of runner-up in the Eastern Regional Championship. With Coach Lewis's strong leadership and devoted assistance, the Tornadoes can look forward to many successful seasons in the future.

Tommy Craft, our assistant coach, has been with the Tornadoes for a number of years. He has served as line coach for the girls' basketball team. His capable guidance is appreciated by both boys and girls.

We should also give credit to Bob Reynolds for his able assistance throughout the football season. It is certainly appreciated.

BETTER WORK MAKES BETTER JOBS

You can't keep a good man down is an adage which holds water.

High school graduates are all good men, filled with enthusiasm and the desire to make good in life. You can put 10 high school graduates to work in the same department of a company - each doing the same kind of work and with the same opportunity to learn and advance. At the end of a year, two or three will be at the top of their group - the rest will be where they started. Why? Because real value always rises to the top.

The more you put into a job, the more you get out of it. You must give more to your jobs before you can expect more out of them. Maintain at all times a positive, constructive, progressive attitude toward your jobs. Always think in terms of how things can be done - never in terms of why they cannot.

Charles

I can truthfully say that it has been a pleasure knowing you all these years. Even though we have had our "ups and downs" we always seem to come out just right. Right?

I'm not like everybody else (I am pretty sure you know that by now) because I am not going to write a complete concise report of everything we have ever done, 'cause heaven knows it would take your whole annual. We have been through more mess together than any two people I have ever met. Agree? But like I always say, there's nothing worth having unless it is worth fighting for, so therefore we really deserve each other. I know I have gotten more trouble than I am worth or will ever be, but I guess it is all in the game.

Charles, I have had a living hell these past three months --- and you went into the making of most of the few we have ever more had fun, fun, and more fun. JB and BC just helped the cause a little. I don't think I shall ever forget the night of the NHS dance, how could I? You know --- Mr Paylor was right, there is a very good place in Ayden, the S.P. I don't guess we are the only ones to remember that place Reckon not? The "midnight rider" sure was not any Sir Lancelot, especially with his vocabulary, but like I say that, along with everything else, went into the making of a night's fun.

Charles, you are a person of numerous qualities, most of which I admire. You have a wonderful, humorous personality which shall take you far in life. May the best of luck and success be yours in the years

Spring 1963

Gentlemen:

This letter is to you, the businessmen and leaders of our community; you, to whom we look with admiration and respect. You are the people who make so many things possible for us: you help to back this annual and the school play; you charter buses for our athletic teams; you support our sports program with both your money and your attendance. In other words, you support us; the youth of today, the adults of tomorrow. To you, who are truly our friends, we open our hearts and from the very bottom of them we extend a hearty and much felt vote of thanks.

"Thank you one and all!"

Sincerely yours,

Dear Charles,

Remember the graveyard? I really think you thought the dead were after you. It's been nice knowing you and I wish you good luck. (You need it.) Behave yourself and don't do anything I wouldn't do.

Love,
Susan

Charles,
Boy, some of the experiences
we have shared together the last
few years are "frightning"! Remember
the time you and Wayne and
Randall were up to my house
and one of you blue robed my
coffee cake and the time
Steven & you or Randall spilled
water on the couch & your
about the time and tuna
you out of our car. Boy, what
times. Best of luck in
the future to a swell guy

P.S. Excuse the
Spelling!

Autographs

Charles,

There are many things I could say about all the good times I've had with you and your family — like going to the river last year after graduation and how scared I was with you driving. Then there was the night that Nina Jane and I gave out of gas, and you went to so much trouble to help us. I hope the friendship and good times continue.

Best wishes,

Betty Jean

Good luck to a wonderful person!

So always,

Elaine

Charles,

I wish you all the luck possible in the future. I hope you have all the happiness of life. I hope you will always remain a friend of mine I wish you the best of luck in the future

a friend

Janet Williams

To Charles,

You have indeed been quite a friend to me. Although sometimes I feel as though I could do without you, I still think a lot of you as a friend. I hope our friendship will continue to become stronger through high school. May your life be anchored on the harbor of happiness.

Your friend,
Bonnie B.

Charles,

I am proud to say I know "Charles Smith". There are so many things I could say about you but I just don't know where to begin.

I truly think you are one of the sweetest guys in the world. You have a personality that will take you far in life.

I'm sure you'll succeed in anything you attempt to do. You really deserve the best life has to offer. Good luck always!

Always a friend,
Diane
